### About IIPHS:

The Indian Institute of Public Health Shillong (IIPHS) is a northeast regional institute of public health. It was established in 2015 by the PHFI in collaboration with the Government of Meghalaya to redress the limited institutional and systems capacity in public health in the Northeast Region of India. In August 2020, IIPHS became an autonomous institution of the IIPHS Society registered under the Meghalaya Societies Registration Act 1983. The mission of IIPHS is to advance equitable health and well-being by fostering a culture of excellence in education, research, and praxis.

### Project Brief:

The Regional Resource Hub for Health Technology Assessment in India (RRH-HTAIn) at IIPH Shillong in collaboration with the Department of Health Research (DHR), Government of India is undertaking HTA analysis on behalf of MoHFW. The purpose of HTAIn is to support informed policy-making through economic evaluation, cost-effectiveness analysis, and related HTA studies.

### Roles and responsibilities:

1. Undertake evidence synthesis of different health technologies and health interventions.
2. Collaborate with the Government and Development partners to generate evidence in the area of cost-effectiveness of healthcare programs
3. Undertake evaluation of health policies and programs from an economic perspective
4. Explore e-learning or on-campus academic courses in the area of HTA
5. Develop, maintain, and establish a web-based source of HTA information
6. Mentor the team and be responsible for overall activities of the center under the guidance of the PI
7. Prepare study designs, develop decision tree and Markov model, formulate the model in spreadsheets, statistical analysis, write reports, and disseminate results.
8. Liaison with government officials, healthcare professionals and community leaders
9. Line managing of junior research staff
10. Assist in developing project-related budgets and other related admin work
11. Maintain log of work processes and provide quarterly reports
12. Prepare reports, manuscripts, datasets for publication and presentations for varied audiences including DHR and other agencies
13. Handholding and capacity building of new regional resource centres allocated from DHR
14. Any other tasks assigned by the supervisor and DHR

### Essential Qualification

MD/MS/DNB or PH.D. in any of the subjects: Health Economics, Public Health, Biosciences, Pharmacology, Biostatistics and or equivalent degree with 3-6 years experience after MD /MS/ PhD in health economics or systematic reviews.

### Desirable

10-12 years experience in R&D and academic Institutions / scientific organizations in the relevant subject which may include 3 years experience in a managerial position with experience in Economic Evaluation with at least 10 Publications on Health Economics related studies
